District Court.

A special session of the district court was held here this week, by Judge Sloan, commencing Monday and ending Thursday.

The case heard was R. H. Cameron vs. The Grand Canyon railway, being a suit to quiet title.

Cameron located the Cape Horn mining claim at the head of Bright Angel trail and the claim takes in a considerable portion of the ground of the railroad company, which they claim for railroad purposes. Cameron claims that he had made the first location and the railroad claimed a prior right, and further that there was no mineral on the claim. A mass of evidence was put in by both sides and nearly three and one-half days was taken to try the case.

On the last day of the trial evidence was introduced by the plaintiff showing that E. E. Ball, an employe of the company, had on Monday located the Cape Horn mine, over the Cameron location.

There was an array of legal talent on both sides. H. J. Stevens, of Los Angeles, E. M. Doe, of Flagstaff and R. M. Ling, of Prescott, represented the plaintiff.

T. J. Norton and W. T. Clotfelter, of Los Angeles and J. C. Herndon, of Prescott, were the attorneys for the railroad company.

Judge Sloan took the case under advisement and will render decision at a later date.

The case of the Grand Canyon railroad company vs. R. H. Cameron, or what is known as the "Adverse case" went over until the April term.

In the case of Babbitt brothers vs. A. W. Jurden, judgment was rendered in favor of the plaintiff.

In the case of Thomas vs. Miner, the "horse racing case" from Williams, judgment was given in favor of the plaintiff.

Court adjourned Thursday at noon.
